INDHUMATHI L

Web Developer

Phno: 7010143252 | **Email:** indhunehru205@gmail.com

CAREER SUMMARY:

As a passionate MERN stack developer, I am skilled in MongoDB, Express.js, React, and Node.js, with a strong foundation in building dynamic web applications and delivering clean, scalable code.

WORK EXPERIENCE:

chikkana college

Lecturer | June 2019 - April 2020

- Delivered lectures on computer science fundamentals, including programming, algorithms, and web development, while fostering a deep understanding of core concepts in students.
- Designed and implemented practical coding exercises and projects, guiding students through hands-on learning to develop problem-solving skills and technical proficiency.

SKILLS:

- MongoDB – Proficient in NoSQL database design, queries, and data management.
- Express.js – Building server-side applications, handling routing, middleware, and APIs.
- React.js – Developing dynamic user interfaces, state management, and component-based architecture.
- Node.js – Building scalable and efficient backend applications.
- JavaScript – Strong understanding of vanilla JavaScript for both client and server-side development.
- HTML5 & CSS3 – Responsive design, structuring web pages, and styling using modern web standards.
- Version Control (Git) – Collaborative development and code versioning using Git/GitHub.
- API Integration – Working with RESTful APIs to connect front-end with back-end..
- Problem-solving & Debugging – Strong debugging and problem-solving skills for both frontend and backend issues.

RELEVANT PROJECTS:

Clone of Mother Terasa University

Web Developer | December 24 – Present

- Built an e-commerce website to showcase the skincare products of Warner & Spencer.
- Integrated an email marketing software to increase subscribers and promote products.

Portfolio

Web Developer | 13 March, 2024 – 14 May, 2024

- reated a personal software developer portfolio using HTML, CSS, and JavaScript, showcasing skills, projects, and experience in a visually appealing and interactive layout.
- Implemented smooth navigation, responsive design, and interactive elements to enhance user experience and effectively highlight technical expertise and accomplishments.

EDUCATION:

2012 – 2015 | Coimatore Institute of Technologies

Bachelor of Computer Science – Software Engineering
